## THE BIGGEST DATING SECRET FOR MEN!

Hello, my name is Winston Wu, Founder and Operator of **HappierAbroad.com**, the most truthful, freethinking, and intellectual Expat and International Dating site on the web. If you are a single Western male, here is a **FREE** lifechanging truth that conventional sources will NEVER tell you about or portray in any positive light:

The BIGGEST SECRET that's being kept from you is that if you are an average decent Western male, you are GOLD and a BIG CATCH to millions of thin, beautiful, feminine, sweet, warm, approachable, down-to-earth, authentic women all over the world who will treat YOU right - for REAL! No joke.

This is a HUGE life changing secret that has transformed the lives of many single Western men, but is never told to the general public by mainstream sources because it is too taboo to mention in our politically correct culture and society. That is a big INJUSTICE and we are here to help correct that. When guys discover this, they usually react with disbelief and awe, exclaiming, "My God, where have I been all this time?! This is how women were meant to be when God created them - feminine, sweet, authentic and down-to-earth with genuine warmth. Why didn't someone tell me about this sooner?!"

As you know, in the US it seems that every decent-looking female is either taken, super picky, or not even looking, leaving a large percentage of single males out of luck. They also carry baggage, and are jaded, cynical and unfeeling, lacking the positive qualities of the feminine. To make matters worse, they believe that they don't even need men, thus you are unwanted and unnecessary to them. Somehow, they seem to be "programmed" to reject and disqualify nearly every guy they meet. It's gotten so bad that it's not even worth your time to try anymore. The choices just aren't there. Thus, America has become a "dysfunctional dating hell" beyond words for men. But of course, all of this is taboo – meaning that you aren't allowed to talk about it openly. Instead, you're only allowed to either pretend that everything is great, or blame yourself, neither of which does any good.

But on the other hand, in many overseas cultures (Russia, Ukraine, Eastern Europe, China, Southeast Asia, Mexico, Latin America, etc.) these things are REVERSED due to various economic, cultural and demographic factors. In poorer countries, there aren't enough good men, and a surplus of good women, so the females are the ones who have to impress the males with their looks, caring nature, sweetness and femininity, giving males the upper hand! In such cultures, females are allowed to retain their true nature, unlike in the US.

Thus, the gender and dating imbalances are reversed in YOUR favor! Some countries also have certain cultural factors in your favor as well, such as being more open and inclusive, having a more authentic culture, or remaining non-feminist and more appreciative of men, etc. So, whereas the USA is a dating paradise for any decent-looking female, in many other cultures you will find a dating paradise for YOU, giving you so many choices that it will spoil you rotten! This is GOOD NEWS and life-changing to the lives of many guys in America.

Now, we've all heard the rule of thumb that, "If something sounds too good to be true, it probably is". But this is ONE of the exceptions (which we have abundant proof of) making it one of the *Biggest Secrets!* Many guys have trouble believing it until they experience it themselves. So that's what we are here for, to show you a mountain of proof which will inspire you and open up different worlds to you. We have lived and experienced it firsthand. Our testimonials, interviews, photos and videos will prove it to you beyond a shadow of a doubt!

The truth is, there are so many quality available women all over the world who will treat you right, that you will have trouble deciding which one to choose! So why would you want to remain on a sinking ship, when you could skyrocket your love life and dating by simply dating globally rather than locally?! The bottom line is that if you want, you can find a better quality relationship overseas, or party like a Rock Star in areas of the world like Latin America or Southeast Asia, for really cheap! Why should only the rich and famous be allowed to? You can too! All you have to do is to make the mental choice to do so. We can guide you from there on. Once you do, you'll realize that your new "global lifestyle" was the normal natural thing all along, which has finally let out the "real you", while your situation in the US was the "invisible cage".
